

In March of 1980, Mike Moran purchased the assets of a small, struggling cartage company in Elk Grove Village, Illinois. The tiny company operated 5 trucks of various sizes with a staff of less than ten. The original team provided local cartage in a 30-mile radius within the Chicago Commercial market.

HISTORY

Moran Transportation Corporation started in March of 1980 with a small fleet of trucks and serviced a unique market providing local cartage services to a small group of loyal customers. Our operations were limited to a small facility, 4 trucks, and 6 employees. Our goal was to provide exceptional customer service through timely and value-added services.

TODAY

Today, we are one of the leading Midwest LTL carriers in the marketplace. We operate multiple terminals throughout the IL, IN, MN & WI markets and operate more than 200 trucks throughout the Midwest. Our team continues to provide exceptional service to both small and large shippers throughout our core service areas. In our market, we are the largest liftgate & inside delivery provider offering value-added and non-dock deliveries to our customers. With an industry leading on-time performance and claims ration exceeding 99%, Moran is the “gold standard” and the envy of the industry. Our team of transportation and logistics professionals continues to create an award-winning solution for all our customers.

Our success over the years is attributed to our exceptional team and their efforts in continuing the Moran tradition of excellence!
